

Novell. Corporate Purchasing Services

Mission Statement

Our mission is to provide a center of sourcing excellence that contributes to the growth of shareholder value by reshaping and enhancing global strategic sourcing through:

- improving operational efficiency
- leveraging enterprise-wide spend
- B2B supplier linkage and
- developing global supplier partnerships in collaboration with our customers.

We observe high ethical standards and maintain policies and procedures that comply with all external and internal regulations ensuring fair and equal competition for procurement opportunities of goods and services.
