# Default Policy Settings

This chart documents the default settings of the entire *ZENworks Mobile Management* policy suite for each security level available in the Create New Policy Suite Wizard.

It can also be used as a template for planning any customizations to your policy suites. Print two charts - one for planning a policy suite for corporate liable devices and one for planning a policy suite for individual liable devices. Select a security level to start with and then mark the rules you want to customize.

Policy	Low Level			Moderate Level			Strict Level			High Level		
	YES	NO	VALUE	YES	NO	VALUE	YES	NO	VALUE	YES	NO	VALUE
<b>Audit Tracking: General</b>												
Archive device file list		X			X		X			X		
Send file list frequency (in days)			30			14			7			3
Record phone log		X		X			X			X		
Record text message log		X		X			X			X		
Record installed applications		X			X		X			X		
Record managed applications		X			X		X			X
