

# Teaming Audit Example

First, go to the Teaming Admin Portal and click on the plus next to “Reports”  
Then choose “License Report”, shown here:

Set the date range for at least the last year or back to the date the product was first installed then click "Ok"

## Grab a Screenshot of the resulting page:

**Teaming Administration** Portal

OK Close

Generate a report of license information.

Report on activity between February 28 2007 and September 22 2007

OK Close
