- Added generic detection for NSIS based setups
- Added generic detection for Inno Setup based setups
- Added generic detection for Wise based setups
- Added installer support for Audacity 2.0
- Added installer support for Avast Antivirus 7.0.1426
- Added installer support for BurnAware Free 4.7.0.0
- Added installer support for CDBurnerXP 4.4.0.2971
- Added installer support for KeePass 1.21
- Added installer support for LAME v3.99.3
- Added installer support for Microsoft Dynamics CRM 4.0 for Microsoft Office Outlook
- Added installer support for PDFCreator 1.3.0
- Added installer support for SUPERAntiSpyware (Free Edition) 5.0.0.1146
- Added installer support for VirtualBox 4.1.10 Build 76795
- Added installer support for Windows Media Player Firefox Plugin 1.0.0.8
- Fixed a shortcut issue with the Configuration Wizard for Novell GroupWise
- Added installer support for Java Runtime Environment Version 6.0 Update 31
- Added a Configuration Wizard for Java Runtime Environment Configuration Wizard
- Added a Configuration Wizard for Novell GroupWise (multilanguage supported)
- Added a Configuration Wizard for VMware Player
- Added a Configuration Wizard for VMware View Client
- Added a Configuration Wizard for VMware Workstation
- Added a Configuration Wizard for LibreOffice
- Added installer support for AVG Anti-Virus Free 2012.1930
- Added installer support for DAEMON Tools Lite v4.45.3
- Added installer support for GIMP 2.6.12
- Added installer support for mRemote 1.50
- Added installer support for Office 2003 Web Components
- Added installer support for K-Lite code pack 8.2.0 (Basic, Standard, Full and Mega)
- Added installer support for K-Lite code pack 8.3.0 (Basic, Standard, Full and Mega)
- Added installer support for K-Lite code pack 8.3.2 (Basic, Standard, Full and Mega)
- Added installer support for K-Lite code pack 8.4.0 (Basic, Standard, Full and Mega)
- Added installer support for LibreOffice 3.5
- Added installer support for WinRAR 4.11
- Added installer support for WinSCP 4.3.7
- Added a Configuration Wizard for Google Earth 6
- Added a Configuration Wizard for Novell GroupWise (experimental)
- Added a Configuration Wizard for Novell Vibe Desktop
- Added a Configuration Wizard for Skype Business Edition
- Added the ability to change file attributes
- Fixed an issue where read-only MSIs were not processed properly
1/22/2012: 1.0.18.0

- Added installer support for VirtualBox Extensions Packs
- Added installer support for WinRAR 4.10 (x86 and x64)
- Added a Configuration Wizard for Adobe AIR
- Added a Configuration Wizard for Adobe Reader
- Added a Configuration Wizard for CITO Examen Tester 2.9.0.8
- Added a Configuration Wizard for CITO Correction Manager 2.9.0.8
- Added a Configuration Wizard for Foxit Enterprise Reader
- Added a Configuration Wizard for Sun VirtualBox
- Added an MSI viewer
- Added a Configuration Panel for the 'MSI Import Wizard'
- Added installer support for Adobe Premiere Elements 10
- Added installer support for Avant Browser 2012 build 18
- Added installer support for CDBurnerXP 4.4.0.2905
- Added installer support for CITO Examen Tester 2.9.0.8 and Correction Manager 2.9.0.8
- Added installer support for Dropbox 1.2.50
- Added installer support for FileZilla 3.5.3
- Added installer support for Firefox 9.0.1
- Added installer support for iCloud Control Panel
- Added installer support for Net Profiles 2.1.8
- Added installer support for Notepad++ v5.9.8
- Added installer support for SmartFTP 4.0 (x86 and x64)
- Added installer support for VirtualBox 4.0.16 Build 75491
- Added a Configuration Wizard for Adobe Premiere Elements 9 and 10
- Added a Configuration Wizard for Apple iCloud Control Panel
